

Are you protected or Out of Business?

How will your Business Survive the loss of vital business records?
What would your Financial Loss be?

What records do you need to operate your business?

As the Photo Shows...

A standard steel file acts like an oven
& paper will burn above 400°F+

Vital Business Records

- Business Procedures
- Contracts/Deeds/Titles

- Medical Insurance Records
- Proprietary Records
- Paid Receipts

The Fire Bug Strikes Randomly by:

- Electrical
- Arson
- Lightning
- Accident
- Explosion

Stop the Firebug!

...with **VICTOR FireMaster®**

Take A Simulated Fire Test: Try running your business with all file cabinets locked for 1 day,
Only use a phone, legal pad and pens and try to operate your business.

ZERO RECORDS = Out of Business

Regardless if Insurance replaces physical assets.

Now imagine all documents lost in ashes due to a fire.

Why be at Risk? VICTOR FireMaster® Files protect vital records.

Built like a fire safe but functions daily as a top quality file cabinet.

Durable & Rugged • Exceeds UL® certified 1 Hour fire test at 1700°F to keep interior temperature below 350°F (*Recommended for Paper Documents*) plus a UL® 30 foot drop test.

Functional

- Smooth rolling heavy duty suspensions
- High drawer body accommodates hanging folders
- MEDECO® Security “key lock” secures all drawers

Attractive

- Durable medium gloss smooth paint finish
- 5 standard finishes - see *below*

Proudly Made in USA

File Features

FIREPROOF INSULATION
is 100% gypsum, reinforced by a 1" X 2" lattice made of 14-gauge, galvanized welded-steel wire, providing peace of mind from fire, impact or explosion.

FINISH
an attractive but durable electrostatic powder coat finish applied to all sides, including the bottom.

DRAWER BODIES
are built with high sides for use with hanging folders-no additional frames are required. 31" deep vertical files also include sliding drawer dividers for drop file use.

DRAWER SUSPENSIONS
are maintenance-free

MEDECO® SECURITY LOCK
Provides Restricted Duplication
Locks are keyed randomly or in groups if requested.

DRAWER PULLS
are surface-mounted to allow for extra insulation inside drawer heads.

INSULATION BETWEEN ALL DRAWERS
makes each drawer a separate insulated container.

TWO-POSITION DRAWER CATCH
allows access to certain drawers while others remain locked.

A BETTER VALUE . . .

- The VICTOR® FIRE MASTER® is a HYBRID of two leading files. The Cabinet, Medeco Lock & Paint Finish of the 31" Deep FireKing File and the handle hardware to match the appearance of Victor, Kardex, and Remington Rand Vertical Files.
- A baked dry gypsum cast, smooth powder-coat paint finish, field replaceable exterior panels.
- Built like a fire safe but functions daily as a top quality file cabinet. Smooth rolling heavy duty suspensions; High Drawer body accommodates Hanging Folders; (Vertical File) also come with sliding drawer dividers (each drawer) for drop file use. Medeco Lock secures all drawers.

. . . BETTER PROTECTION

- Underwriter's laboratories fire rating Class 350 certifies this type of file maintained temperatures under 350°F (where paper darkens) while temperature outside the cabinet was 1700°F for one hour. Our files also maintain fire protection WITH a 30 foot drop test. **Plus 1/2 hour Factory Tested for Digital Media.**
- The baked-dry gypsum insulated cast removes free-moisture and protects records from dampness and mildew present in unbaked casts.
